**Subject:** RE: Anaconda Aluminum

Hi Sharon and Karren,

The original request had a due date of 8/15 and has already been extended once. The delay is holding up our negotiations with the PRP and we can't afford another extension. If a disk can't be made, I need at least a hard copy by the 29<sup>th</sup>.

I'd also like to still get the SPIDER disks as quickly as they can be made. Please let me know when that might be.

Thanks,

Scott Wilder

Scott,

Finance is having problems with SPIDER Reports. Karren would like to know if you could give an extension to your due current date of 8/29/15 for Anaconda Aluminum.

If you cannot give an extension, Finance can run hard copies for you but cannot produce a SPIDER disk. Please let us know how to proceed.

Thank you.  
Sharon
